Kindly leave the box open upon departure.
For assistance, contact Reception (0).

WHEELCHAIR ACCESS

If you require assistance with mobility or accessibility, **please contact Reception (0).**
We're here to ensure your comfort throughout your stay.

SAFETY GUIDELINES

Explore the nearby natural coral reef just steps away from your room. For your safety, we recommend wearing protective footwear, as sea urchins are common in the area. To preserve the balance of our ecosystem and ensure all guests' comfort, we kindly ask you not to feed any animals on the property. Thank you for your understanding.

HUMIDITY NOTICE

Due to the tropical climate and high humidity, please ensure your balcony door remains securely closed to prevent moisture build-up on floors, which may pose a slip hazard. For your comfort and safety, we recommend using air conditioning or the ceiling fan while indoors. Maintaining air circulation is important for moisture control, especially when dew point temperatures range between 23°C and 28°C, as is typical in this region.

We appreciate your cooperation.
